NORTHBOUND 95 EXPRESS ENTRANCE RELOCATION RESUMES TONIGHT, APRIL 13

The installation of plastic poles along northbound 95 Express, which began on Sunday, April 9, will resume tonight, weather permitting. The work was delayed because of rain. The poles are being installed to re-establish the permanent northbound Express Lane entrance approximately one mile south of NW 29 Street.

The installation of the poles will resume as noted below:

- **THURSDAY, APRIL 13 (FRIDAY, APRIL 14 is alternate date)** - All northbound 95 Express lanes will be closed from I-195/SR 112 to the Golden Glades Interchange between 9 p.m. and 5:30 a.m. One northbound general purpose lane will also be closed from north of I-195/SR 112 to south of NW 29 Street. If the closure on Friday is needed, it will be implemented between the hours of 11 p.m. and 6 a.m.

Please note that this schedule may change due to bad weather or other unforeseen conditions. Installation of the poles for the southbound 95 Express Lanes exit was completed on Monday, April 3. The 95 Express entrance and exit points were temporarily relocated due to concrete re-pavement activities, which have now been completed. The work is part of the I-395/SR 836/I-95 Design-Build Project that will reconstruct the I-395 corridor from the SR 836/I-395/I-95 (Midtown) Interchange to the MacArthur Causeway Bridge.
