NEW TRAFFIC PATTERN FOR WESTBOUND I-395 AND THE ENTRANCE RAMP FROM DOWNTOWN MIAMI TO I-395

On **THURSDAY MORNING, DECEMBER 21**, a new traffic pattern will be implemented for drivers on westbound I-395 and for those drivers entering I-395 from the Downtown Miami area. Drivers on westbound I-395 will be diverted to new bridges after passing Biscayne Boulevard. Drivers heading north on I-95 will now exit on the right side of the roadway and those heading south will exit to the left. Drivers heading west to SR 836 will continue straight.

Drivers in the Downtown area will now have more options to access westbound I-395 via the new entrance ramp located at North Miami Avenue. Drivers on NE 13 Street will continue straight across NE 1 Avenue

and North Miami Avenue to access the new ramp while drivers heading north on NE 1 Avenue will turn left after passing under I-395. Drivers will now also have access to the new westbound I-395 ramp by turning right at a new signalized intersection after passing NE 14 Street. This new traffic pattern will allow the contractor to remove the existing eastbound I-395 bridges to begin foundation construction for the new, higher capacity I-395 that will enhance safety, mobility and access.

ABOUT THE PROJECT

The I-395/SR 836/I-95 Design-Build Project will add capacity, enhance the flow of traffic and safety and improve access along I-395, SR 836 and I-95.
