## NOW OPEN: NEW TRAFFIC PATTERN FOR WESTBOUND I-395 AND THE ENTRANCE RAMP FROM DOWNTOWN MIAMI TO I-395

A new traffic pattern has been implemented for drivers on westbound I-395 and for those drivers entering I-395 from the Downtown Miami area. Drivers on westbound I-395 will be diverted to new bridges after passing Biscayne Boulevard. Drivers heading north on I-95 will now exit on the right side of the roadway and those heading south will exit to the left. Drivers heading west to SR 836 will continue straight.

Drivers in the Downtown area will now have more options to access westbound I-395 via the new entrance ramp located at North Miami Avenue. Drivers on NE 13 Street will continue straight across NE 1 Avenue and North Terrace Miami Avenue to access the new ramp while drivers heading north on NE 1 Avenue will turn

left after passing under I-395. Drivers will now also have access to the new westbound I-395 ramp by turning right at a new signalized intersection after passing NE 14 Street. [CLICK HERE](#) to view a video with additional information on the new traffic pattern.

This new traffic pattern will allow the contractor to remove the existing eastbound I-395 bridges to begin foundation construction for the new, higher capacity I-395 that will enhance safety, mobility and access.
