POSTPONED: NEW TRAFFIC PATTERN ON WESTBOUND I-395

Due to inclement weather, the new traffic pattern originally scheduled for today, Monday Morning, March 4, is now being scheduled, weather permitting, for **TUESDAY MORNING, MARCH 5**. The new traffic pattern will be implemented on the ramp to westbound I-395 and westbound I-395 from North Miami Avenue to I-95. Capacity will be increased on the ramp by removing an existing merge and providing two continuous lanes onto I-395 as shown below. Drivers heading to northbound I-95 should use the right lane on the ramp to access the northbound exit ramp located on the rightmost I-395 mainline lane.

In addition, capacity will also be added on I-395 from North Miami Avenue to the northbound I-95 ramp by removing a merge and adding an additional travel lane. The right lane on I-395, currently a choice lane allowing drivers to either access northbound I-95 or continue west, will be converted to an exit only lane as shown below. Drivers heading to southbound I-95 or continuing west will stay in the left three lanes that will merge to two lanes.
